MEMORANDUM FOR: Deputy Director (Research)

SUBJECT: 25X1A Project ☐

2. The transfer of Project ☐ from OSA to OEL places the Air Force support in a new dimension. Discussing this subject with Leo Geary yesterday, he pointed out that the transfer out of OSA has him walking on egg shells as far as Colonel van Dorn is concerned. As you may recall, Colonel van Dorn is charged by the Secretary of Defense to provide all Air Force support to the CIA except that carried out in behalf of OSA's activities. Although Leo is willing to carry on the program now underway for ☐ he requested that we call to your attention the fact that his shop by charter can only be employed in behalf of OSA, and that should further projects now carried on by OSA be transferred, he will have to beg off any support that his shop may currently be providing.
